

## AGENDA ACTION ITEM

---

DATE: August 26, 2019

TO: Board of County Commissioners

FROM: IT & Emergency Mgt Greg Adams

ITEM TITLE: ACTION ITEM: ADDITIONAL GRANT FUNDS FOR CRITICAL POWER PROJECT

SUMMARY STATEMENT: The State has changed the amount of additional funds they are able to give us because of an accounting error from another grant recipient. The new amount is \$24,107 of federal funds with \$8,036 of match required for a total project expansion of \$32,143. This will allow for one additional site and the creation of the policy for use of the generators and an exercise to test out the policy and try all of the sites with all of the agencies. This would put our total match commitment at \$89,379. Will you accept the additional grant funding?

FISCAL NOTES: An additional \$8,036 of match that should come out of next years budget.

STAFF RECOMMENDATION: Accept the additional grant funds for the Critical Power Project.

SUGGESTED MOTION:

Accept the additional grant funds for the Critical Power Project that will require \$8,036 of match out of next years budget.
