

AGENDA ACTION ITEM

DATE: September 9, 2019

TO: Board of County Commissioners

FROM: IT & Emergency Mgt Greg Adams

ITEM TITLE: ACTION ITEM: SEPTEMBER 25TH IDAHO ASSOCIATION OF COUNTY IT MEETING

SUMMARY STATEMENT: On September 25th the Idaho Association of County IT will meet in Boise and I was able to secure the main speaker for the event from the Idaho Secretary of State. They are one of my main concerns right now with their voting software. So far I haven't found anyone who has been able to get it to work on Windows 10 and Microsoft is pulling support for Windows 7 in January, so getting that to work is one of my priorities. In addition, election security is something else I have asked them to address. May I attend that meeting in Boise?

FISCAL NOTES: Budgeted travel funds will be used to attend the meeting.

STAFF RECOMMENDATION: Allow Greg to attend the IACIT meeting on September 25th in Boise.

SUGGESTED MOTION:

Allow Greg to attend the Idaho Association of County Information Technology meeting on September 25th in Boise.
